Mentor–Mentee System:

The functioning mechanism of the institution believes in decentralization of its activities, making use of the faculty members effectively, thereby sharing their responsibilities among students, to improve the students performance. To implement the decentralization, various Committees have been framed.

Mentor system is a distinctive feature of the college and has been practiced right from the commencement of the college. This is one of the most effective systems functioning in the institution and it bridges the gap between the teaching community and students. The regulations of the system are subject to change with respect to time. This system is used as one of the key factor to improve the performance of the students.

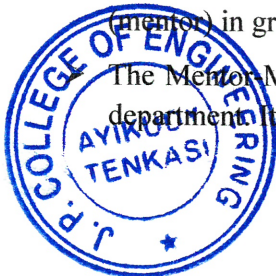

Objectives of the System:

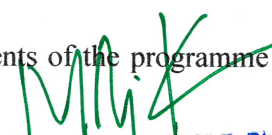

- To ascertain a close relationship with the students.
- To infuse confidence anthem.
- To offer guidance regarding the academic and personal concerns.
- To guide them in their placement opportunities.
- To give more concentration on slow learners.
- To inspire and motivate the advanced learners towards innovation and creativity in thought and actions.
- To provide an opportunity to express their opinions freely and discuss matters of relevance.
- To pay attention in their adolescence issues and afford timely counseling.
- To monitor the improvement of the student.
- To guide the students about the availability of various resources within the Institution and also other institutions.
- To monitor the ward regarding his/her activities.

Regulations:

- The Head of the Department allocates the students of the programme to the faculty (mentor) in groups.

The Mentor-Mentee ratio is based on the strength of the students and faculty in the department. It is expected not exceed 1:20.
