About The Conference

The National Conference on ADVANCED TECHNOLOGY IN INTELLIGENT COMPUTING SYSTEMS (VNC-ATICS 2021) aims to bring together academicians, industrialists, researchers and research scholars to exchange and share their experiences and hard-earned technological advancements and applications in Computer Science and Communication

Technologies. The theme of ICACET–2021 is to focus on the domains of Data Science, Internet of Things (IoT), Wireless Communication, Sensor Networks and other emerging technologies.

Virtual National Conference on Advanced Technology in Intelligent Computing Systems (VNC-ATICS 2021) is a forum for the young minds to present their new innovations, ideas and research in the field of intelligent computing. The research areas includes machine learning, block chain, IOT distributed systems; cloud computing, cyber security and many more. The motive of the conference is to bring out the researchers and Engineers together to share their knowledge and innovations with their peer members and to gain all possible outcomes. This conference encourages new ideas across many disciples which facilitate break through.

About The College

JP College of Engineering was started in the year 2008, approved by AICTE and Affiliated to Anna University, Chennai and ISO 9001:2015 certified Institution. At present the institution is offering 5 under graduate Engineering courses namely Computer science and Engineering, Civil Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering and Mechanical Engineering. The institution has well qualified and experienced team creating an ambience for quality education. Each department has own laboratories maintained With good facilities and help the students to do their projects on their own and enhance their knowledge about the latest trends and technologies. The entire campus is clean and green. To know about the various curricular, extracurricular activities and placement details kindly visit the college website <https://www.jpcoe.ac.in/>.

About The Department

The Department of Computer Science and Engineering was established in the year 2008 and affiliated to Anna University, approved by AICTE and ISO certified. The department has four year B.E - Computer Science and Engineering Program with the student intake of 60. This Department has all that

is necessary to carve a successful Computer Engineer. The department develops the software in its project lab with the help of its eminent faculty members and students. The Department is constantly modernizing its facilities adapts itself to the rapidly changing technological scenario. The primary goal of CSE is to provide best IT infrastructure, world class learning & 'research environment; adapt industry practices through industry collaborations and inculcate moral and ethical values.

Call for Papers

Prospective authors are invited to submit their research papers through IOP in any of the following tracks under the Topics mentioned but are not limited to:

Computer Science

- Data Communications
- Data Encryption
- Data Mining
- Database Systems
- Programming Languages
- Image Processing and Pattern Recognition
- Artificial Intelligence
- Machine Learning
- GUI, Distributed and Parallel Processing
- Operating Systems
- Mobile Computing
- Pattern Recognition
- Artificial Neural Networks & Deep learning
- Parallel and Distributed Computing, Etc.
- Architectural Interaction
- Big data Infrastructure
- Cloud Computing
- Data Center Networking

Registration Information

Students / Research Scholars	INR 200
Academicians	INR 300
Authors from Industry	INR 300
Attendee / Participant	INR 300

Paper Submission

VNC-ATICS 2021 intends to bring together Professionals, Academicians, Industry Experts, Researchers and Enthusiasts to discuss various emerging trends and innovations, share research results and new directions in the field of next generation technologies.

This technical Conference aims at providing a platform for industry and academia for sharing advancements in research and development in upcoming areas of Information Technology. Authors are cordially invited to submit paper through online paper submission process (IOP submission system) on or before 4th Nov-2021.

Publication Info

- Authors should maintain ethics & integrity of academic policy and plagiarism should strictly adhere to IOP publication.
- Prior permission from the copyright holder should be acquired for a copyrighted material

Submission Guidelines

- Original papers based on theoretical or experimental works related to the below mentioned tracks are solicited for presentation in the Conference.

- The paper should begin with title, short abstract and a list of keywords.
- Simultaneous submissions (papers already submitted to other Conferences / Journals) are not allowed.
- Authors are invited to submit full papers in English language only(including figures, tables & references).
- Prospective authors are invited to submit their research papers through GOOGLE FORM and submission link is [Click Here](#)
- Mode of presentation is virtual only through Google Meet.
